July 10, 1983 - p. 1

Shortly after I got up at 8:30 AM, I harvested thirty stalks of basil from my window-sill-garden in the room off the kitchen. As I wrote this, I can smell the basil drying in the kitchen -- three rooms away. I hung up the stalks in three bunches. When I returned from church I walked into the kitchen and the basil looked like tobacco drying.

I was a "greeter" today -- which means that I stood at the Luncheon Avenue entrance and handed out the programs for the day. Some weeks ago, Emily Miller asked me if I would. "You'll be perfect for the job, you know so many people in town," said she. I ran out of programs just as Cedric Chubb rang the 10 AM bell -- he does so manually. I was pleased to see.

Mrs. Robert De Grazia, Joan Cosgrove, Paul Starger were among the non-Baptists with whom I spoke. Bill Wallin was there also. Mrs. Mildred Andrews, 77 North Main Street, #204, asked me for a copy of the Maplewood Cemetery July 4th program. She is a Presbyterian, said she. I will hand deliver to her a copy of the program as well
